

HEALTH LIBRARIES INC 2024 CONFERENCE

Charting the course: Navigating New Worlds

Captaining Research ~ Steering Open Access ~
Anchoring Ai ~ Mapping Education

18 October,
2024

William Angliss
Institute, Melbourne

FRIDAY 18 OCTOBER

9:00 am	Welcome to Country Conducted by Wurundjeri Elder Tony Garvey Conference Opening HLi President, Caroline Ondracek
9:30 am	Keynote Speaker – Professor Wendy Chapman Associate Dean of Digital Health and Informatics, University of Melbourne

Professor Wendy Chapman

Wendy Chapman is the Associate Dean of Digital Health and Informatics at the University of Melbourne, as well as the Director of the Centre for Digital Transformation of Health. She is an elected fellow of the American College of Medical Informatics and the US National Academy of Medicine and serves as a Board member of the Australasian Institute of Digital Health.

10:30 am Morning tea

11:00 am	The Compass of Knowledge: Steering health services staff to increase library engagement Tania Barry – Northern Health
----------	---

Tania Barry

Tania Barry has been an information professional for over 20 years and has had a varied career in different library sectors, including teaching and tutoring at Charles Sturt, Curtin and Victoria Universities and the University of South Australia. Her areas of interest include building strong, high performing teams, workforce planning and mentoring. She has successfully fostered collaborative and supportive environments that empower staff to excel and has been a mentor for several years to many new graduates, guiding their career growth and cultivating the next generation of library leaders.

11:25 am	Sailing the AI Seas: Guiding the Way with Comparative Tools and Researcher Training Cassandra Gorton and Keren Moskal – Monash Health
----------	---

Cassandra Gorton

Cassandra Gorton is the Manager – Access and Discovery at Monash Health Library. She is responsible for maintaining and optimising the library’s collections and online service points to support clinicians, researchers and health professional students in their investigations and education. Cassandra has a background in librarianship, archives, and records management in health, government, and higher education.

Keren Moskal

Keren Moskal is a Clinical Librarian with a focus on delivering training and education programs in evidence-based practice, as well as information and digital literacy. She is committed to delivering high-quality health information to support patient care, education, and research. In addition, Keren sits on the VALA committee, is co-founder of the Hospital Librarians Community of Practice and recipient of the 2022 ALIA HLA Anne Harrison Award for her ongoing project developing EBP training for Healthcare Libraries.

12:05 pm	Lunch
1:10 pm	HLi AGM (<i>HLi members only</i>)

1:30 pm

Navigating New Currents: Promoting Responsible Use of GenAI in Evidence Synthesis

Emma Murray – University of South Australia

Emma Murray

Emma is an early career librarian who thrives on expanding her understanding of emergent technologies and how they can support evidence synthesis in health care and research. She comes to librarianship after a decade-long career as a pharmacist and understands the complex information needs of clinicians and policy makers in health settings.

Emma currently works as a Support Librarian at the University of South Australia, where she has developed client-focussed content on GenAI in literature search and discovery and has delivered in-house training to colleagues on various AI tools.

1:45 pm

Navigating a new social media landscape

Madeleine Beer – Monash Health

Madeleine Beer

Madeleine is the Information Services Librarian at Monash Health Library. Focusing on research support and information literacy. She supports access to and understanding of high quality health information for patient care and research. She also promotes the library services and resources within the hospital and on social media to improve digital and health awareness.

Synthesising the literature: A Guide for Health Librarians

Mozhdeh Dehghani – Austin Health

Mozhdeh Dehghani

Mozhdeh Dehghani is the Digital Content Coordinator at Austin Health Sciences Library, ensuring smooth and uninterrupted access to the library's digital resources. With experience as a lecturer, researcher, and practitioner, she holds a PhD in Information Management from Monash University's Faculty of Information Technology. Mozhdeh has worked at Monash University, RMIT University, the National Library and Archives of Iran, and the Young Researchers and Elite Club. She has published papers on knowledge sharing, information literacy, citation analysis, quality measurement in libraries, and information management.

3:25 pm

Librarians as co-authors: Navigating gusts and lulls

Carlie Daley & Jill Parkes – Southern Cross University

Carlie Daley

Jill Parkes and Carlie Daley are academic librarians supporting the Faculty of Health at Southern Cross University.

Carlie has years of experience as an academic librarian, loves all things teaching and learning, is a long-time OER advocate, soon to be OER author, and a published poet. Together they share the burden of the systematic review requests and the responsibility of delivering a dynamic, sustainable service to students and staff of the faculty.

Jill Parkes

Jill loves supporting Southern Cross health researchers, and has a clinical background as a Genetic Counsellor, Scientist, research coordinator, and registered nurse and loves baking on the side.
